2014 Winter NtyPe Presents*

"My youth romantic comedy is wrong as I expected." fanbook

Commuting Gahama-san.*

Commuting Gahama -san.*

* Foreword *

■ Colddd Cold!

And so I got a change of heart and bought a heater
but the day I decided that ended up being a cold wave seen only once every 10 years
so the heater remained unused as the mild winters continued
Well it is cold in my wallet after being tossed around by Mr Weather certainly

■ Ah good afternoon evening Keiji here ＜ヨ！ ミ
Speaking of recent events
there was a day with a just 10% chance of rainfall and I happily prepared a BBQ
before magnificently getting hit by heavy rain halfway through
like in some sketch comedy
_This is getting depressing forget it!

■ Ah I bought a device called Kindle Paper White!
I did think that an iPhone was fine for reading
but something big is the best for reading books after all!
It also ranks high in my book how it looks like I'm working on-the-go like on some iPad when using it outdoors.
I was just reading Oregairu though

■ And so and so, it's an Oregairu book (that was the lead-in)
It's short this time too but do come along pleaze im sozzy!

Hm?
Wish I could fly somewhere...
Oh?
Looks like it's a photo from Hawaii, it seems so fun, I wish I could go too...
Geez!

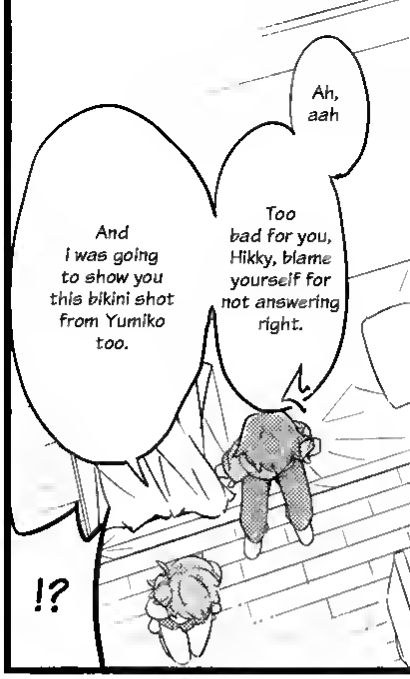
...
ぴろん
ぴろん
Eh?
Ah, it's from Yumiko.
Gotta reply

ぽろん
'sides, what's with all the mails you've been sending?
Just how many are you talking to?
The ringtone keeps chirping

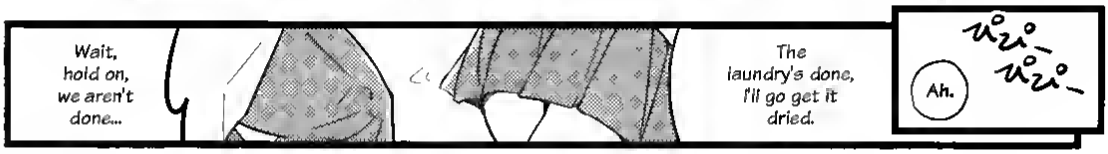
Stop it with those super effective words, hey.
I'm gonna cry here.
This much is normal for someone with actual friends. Unlike you, Hikky.

You haven't been giving me any proper replies since just now, Hikky!
Oof
What do you want me to say when the mail's not even from someone I care about...

HAH? LIKE, THAT MAKES ZERO SENSE!
I don't get you at all
Hikky, that's totally not her and you're grossing me out too...
And you just wanted to do that, didn't you



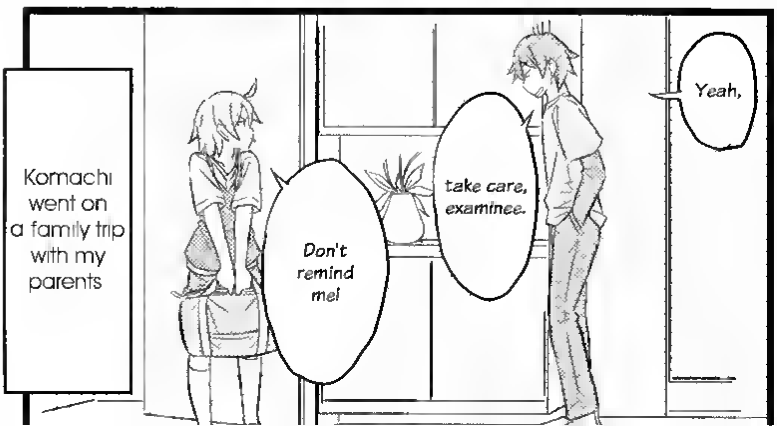
Ah, aah
Too bad for you, Hikky, blame yourself for not answering right.
And I was going to show you this bikini shot from Yumiko too.
!?



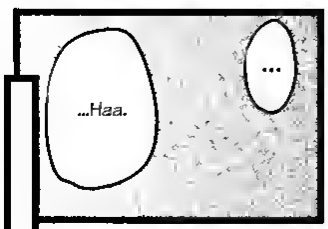
Wait, hold on, we aren't done...
The laundry's done, I'll go get it dried.
Ah.
ぴぴ-ぴぴ-

This morning, a week after summer vacation started,
See ya!

ばたん。
...And she's gone.



Komachi went on a family trip with my parents
Don't remind me!
take care, examinee.
Yeah,

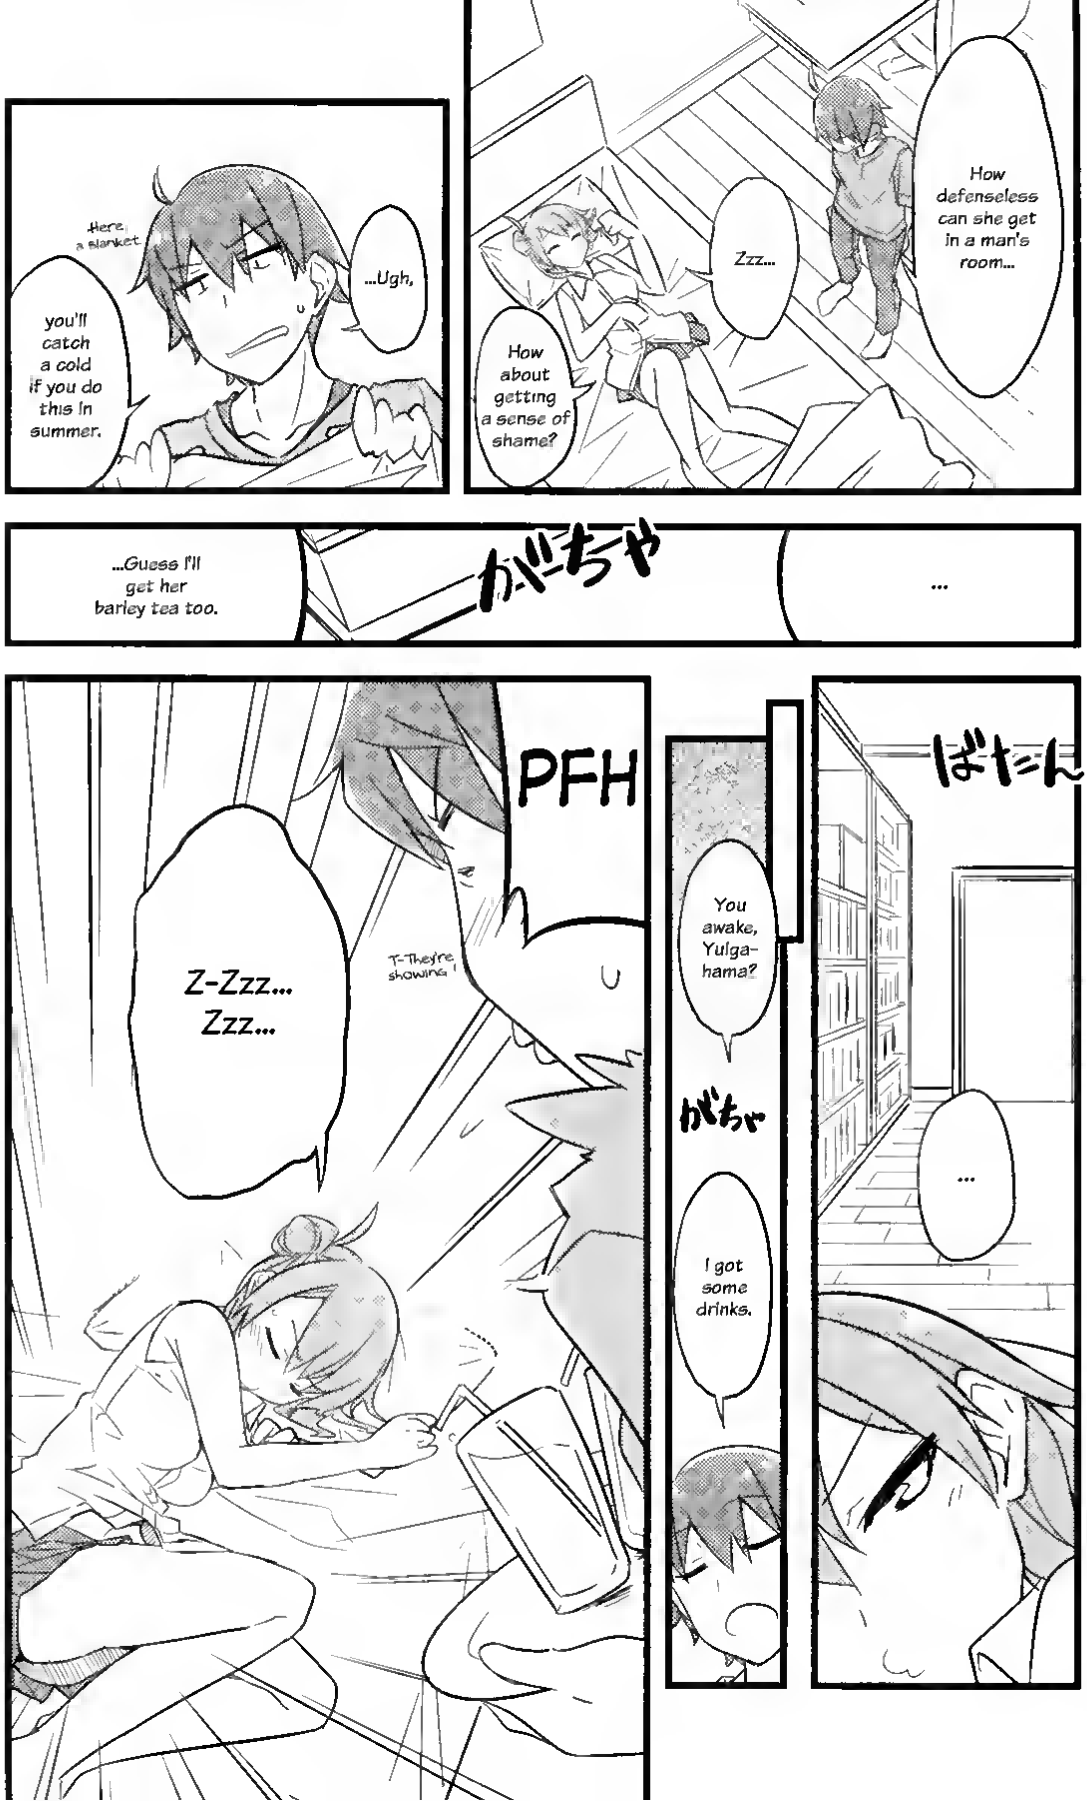


...
...Haa.

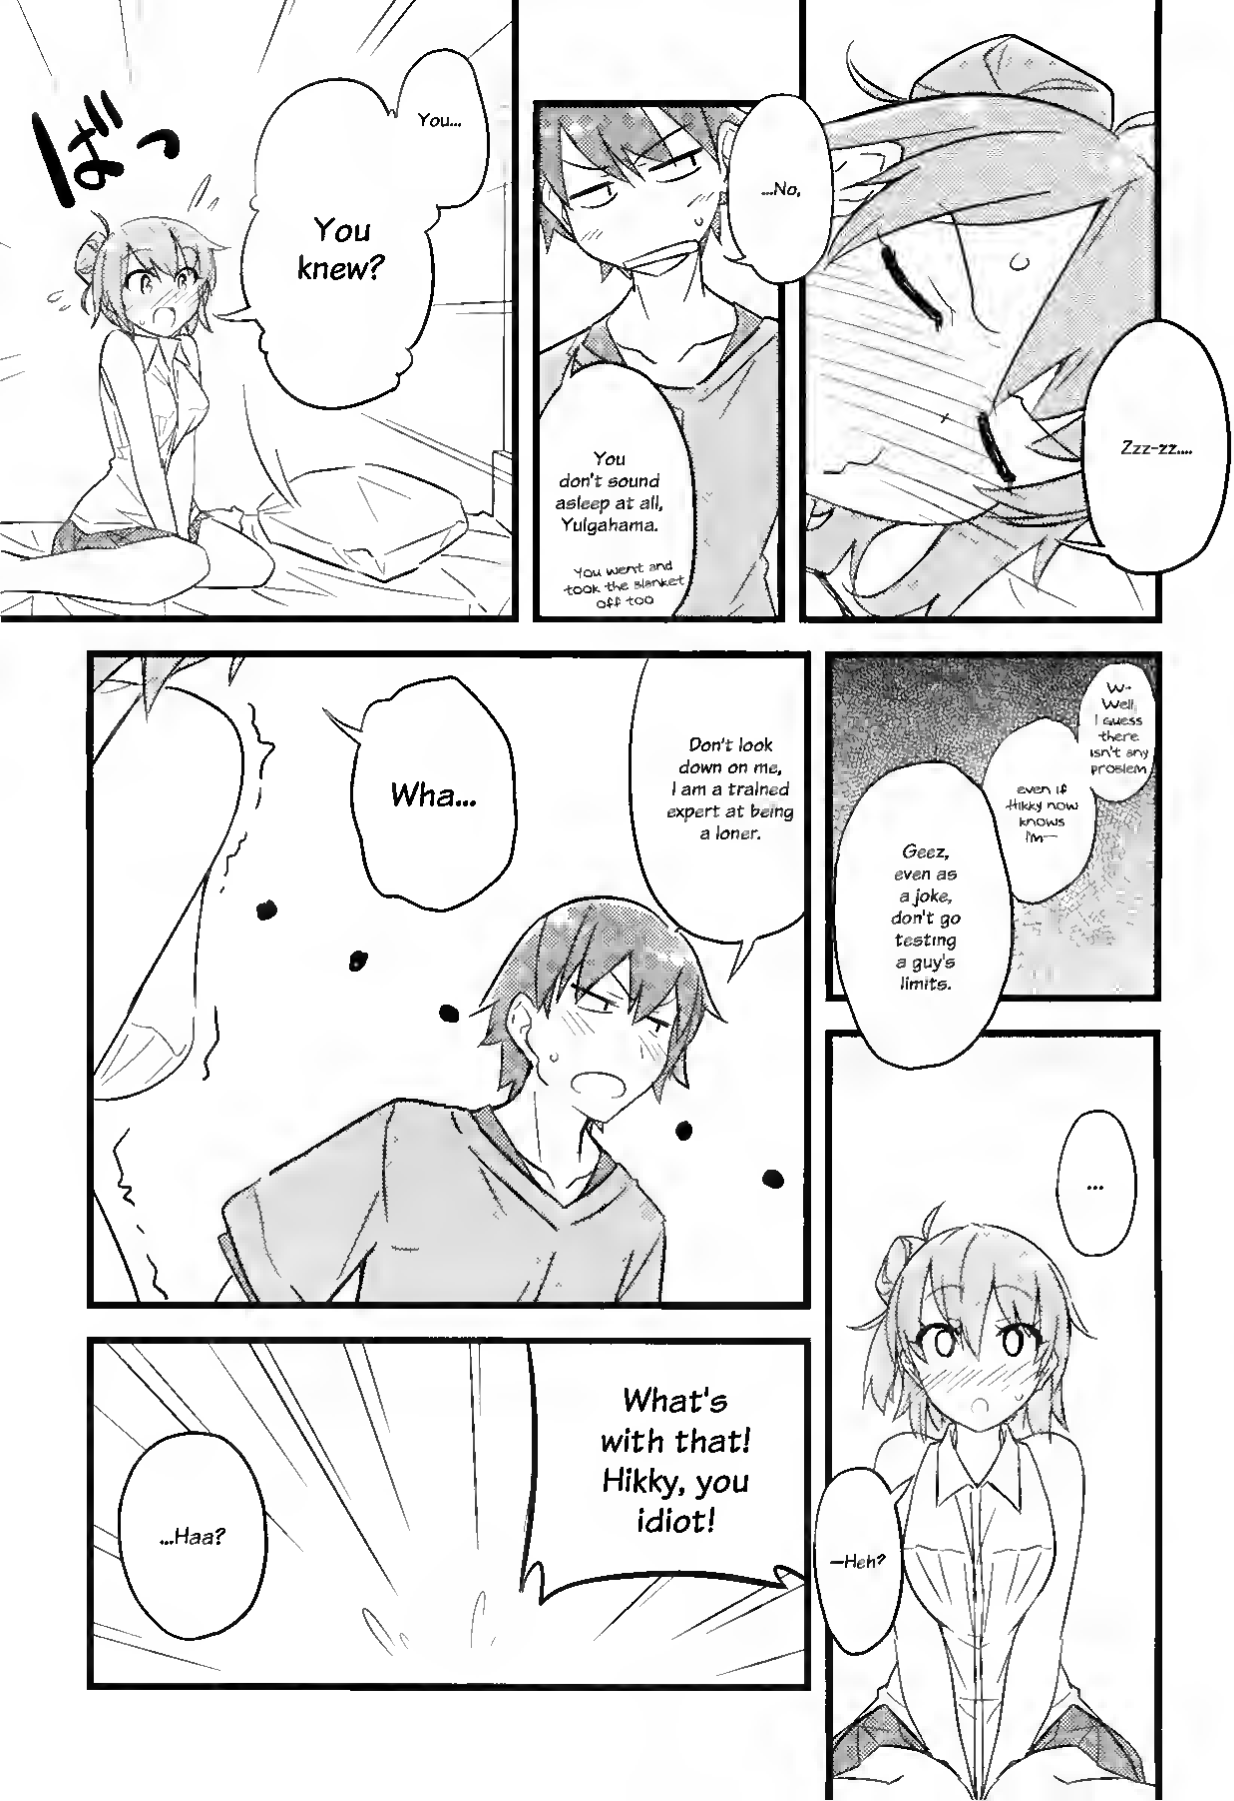
Yahallo!
ぴーんぽーん
Having bidded farewell to that family setup without a single worry in the world,
I was set to enjoy this elegant, solitary life, but...
It took less than 3 hours for Komachi to tear that plan down.
Even if it does feels closer to what we're supposed to be doing...
And that's not what the Service Club is for.
...Hah?
can you let me in?
I got a request coming from Komachi-chan to take care of you, Hikky.
but that scored real low in my book, little sis.
Perhaps you were showing concern in your own little way,
...
ぴぴっ ぽにん
It's bad messing around with someone else's phone, huh?
Yep, sure is.
ぴっ
Hikigaya Candid Shot Lock Screen
14:2
...She forgot to take her phone along.
Time to sneak a look at that bikini shot.
Of cos I wanted a look, duh.

What's up, Hikky, you're grossing me out more than always.
Don't say it like I've always been acting suspicious the whole time.
Sorry for the wait.
がちゃ
びくっ
Hey, hear me out.
In any case, nobody but someone like Zaimokuza would just go and
Whew, it's so hot outside the room!
ばすんっ
Anyway
don't just lie all over a man's bed without thinking...
—I will make no mistake, however
...
O-Oh...?
Who cares, it's just yours, Hikky.
So hot

This pattern happens often to apathetic guys
Recall those traumas from your past.
—Hmph.
Mistakes would have been made if it didn't happen to be me...
?
Hey, Yuiga-hama.
You want anything to—
すぴ～…
くか～…
...She's asleep.
—And.
...
Hmm, I'm getting thirsty



How defenseless can she get in a man's room...
Zzz...
How about getting a sense of shame?
...Ugh,
Here, a blanket
you'll catch a cold if you do this in summer.
...Guess I'll get her barley tea too.
がちゃ
...
ばたん
...
You awake, Yuiga-hama?
がちゃ
I got some drinks.
PFH
Z-Zzz... Zzz...
T-They're showing!



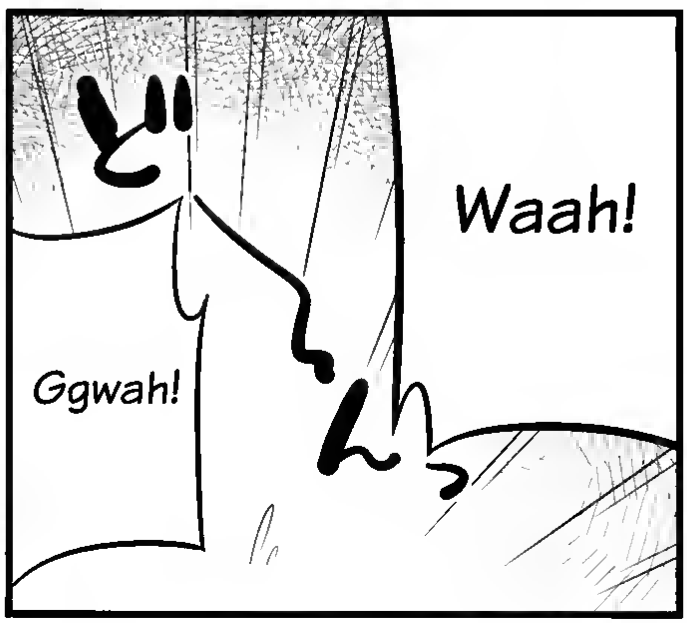
ばっ
You...
You knew?
...No,
You don't sound asleep at all, Yuigahama.
You went and took the blanket off too
Zzz-zz....
Wha...
Don't look down on me, I am a trained expert at being a loner.
W-Well, I guess there isn't any problem even if Hikky now knows I'm—
Geez, even as a joke, don't go testing a guy's limits.
...
—Heh?
...Haa?
What's with that! Hikky, you idiot!

ふる
But pretty? Aah, geez, I don't get anything anymore...!
You have to get mad, not glad, me...!
ふる
?

Why are you snapping at me?
I even warned you since you're pretty and all.
びくっ
E-Even if you call me pretty out of nowhere...!

Yuiga-hama?
ばっ
Ah, argh!

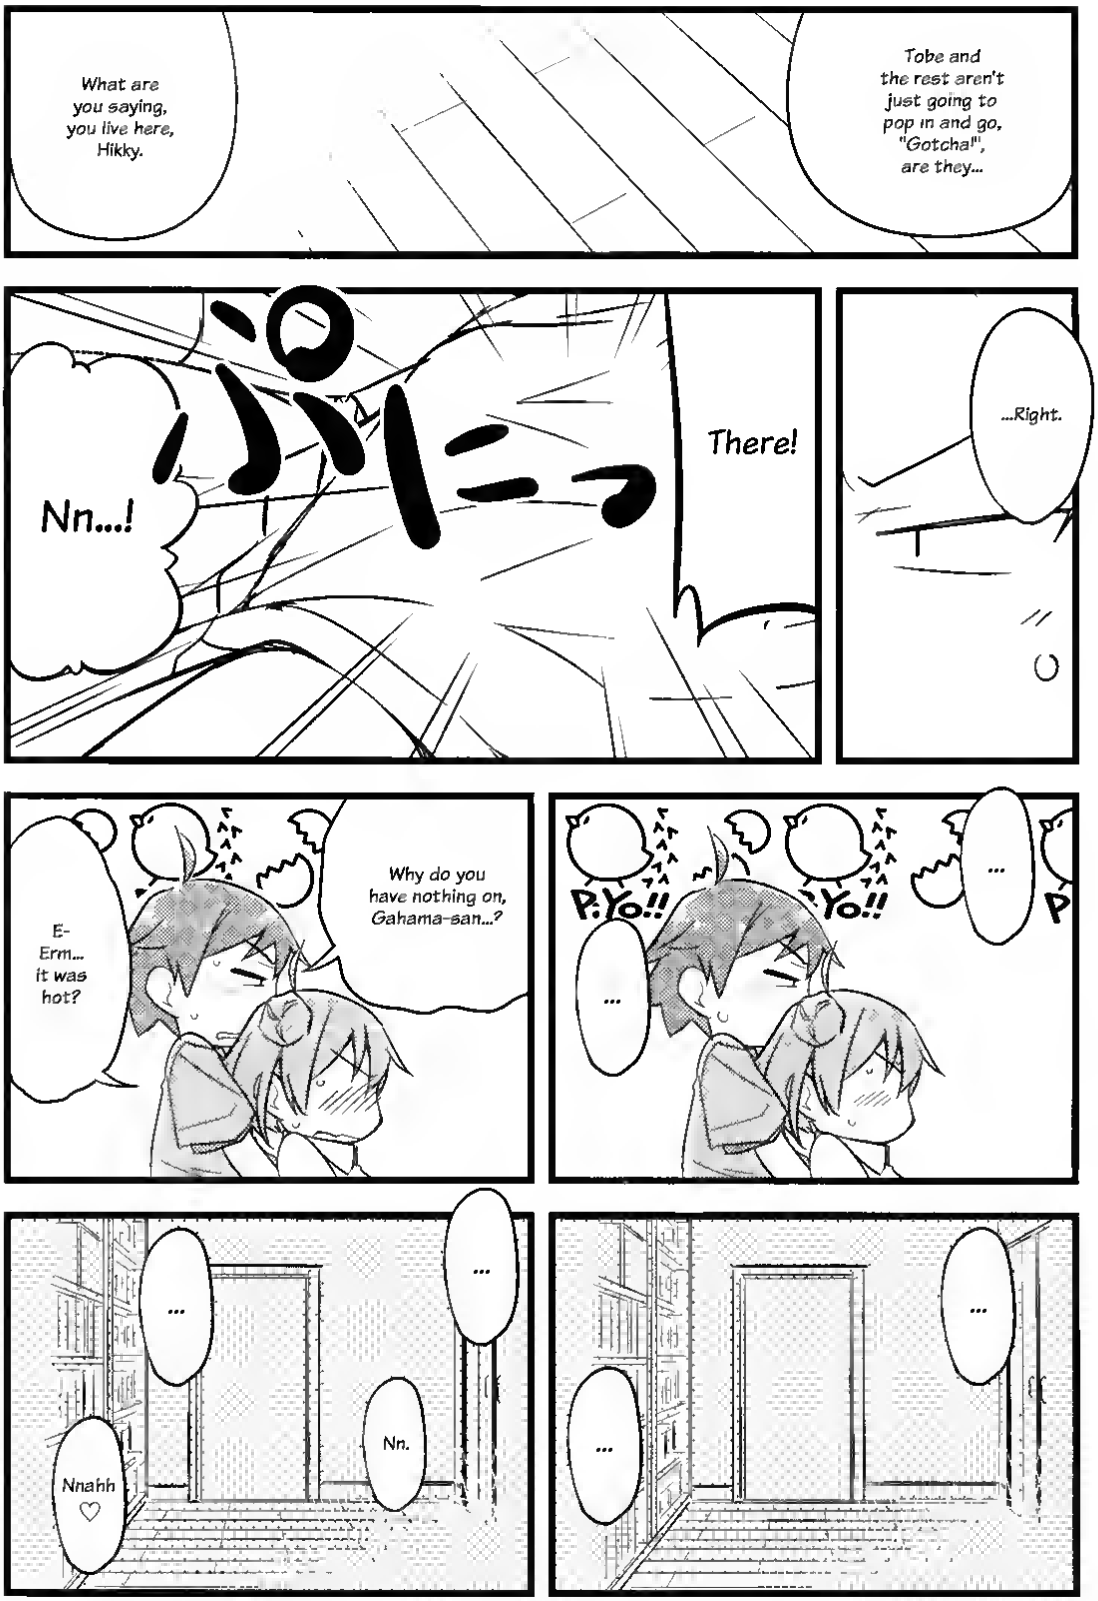
すっ…
Oww...



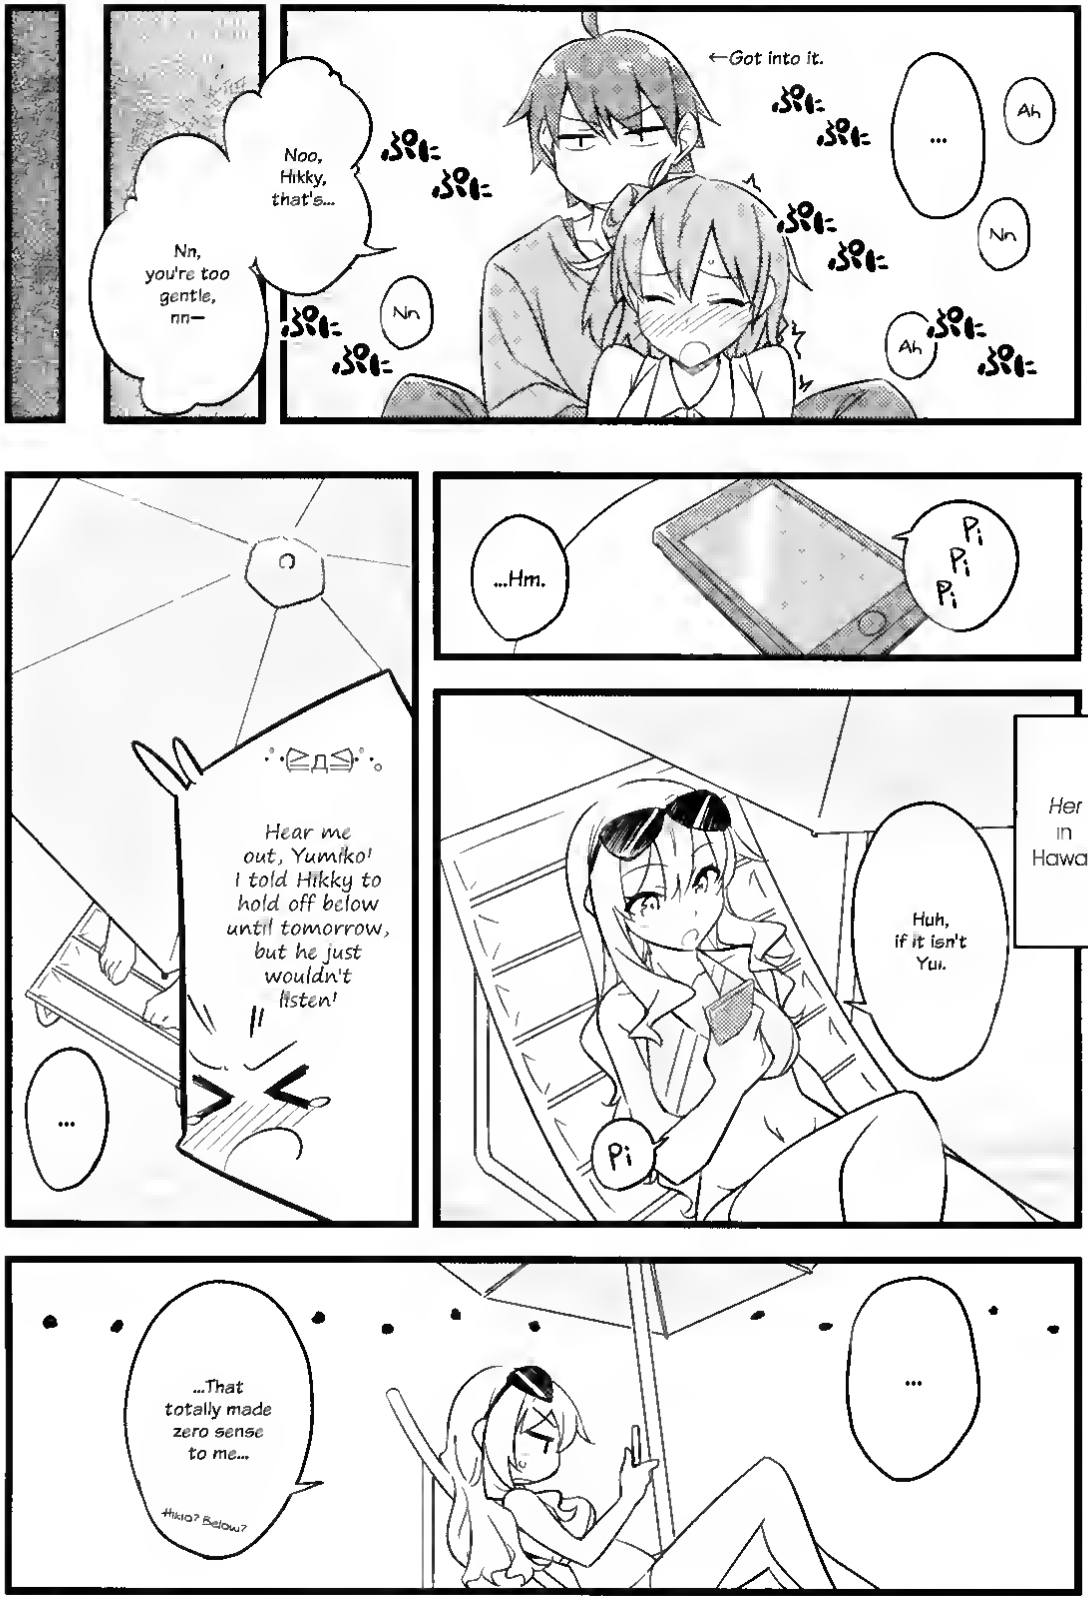
Waah!
Ggwah!

TAKE THIS!
Guee!
Hey, what are you—
I'm testing you!
—Huh?
I'm just testing to see if you'll get any strange ideas with the two of us alone, Hikky!
No, I seriously don't get you...
And that hurts, you idiot
What did you have to get on top of me for?
So
My tummy's cold after that earlier.
Ah?
It's chilly!
Rub it! You won't get any weird ideas, will you?
No, I mean, I did say that, but still.

さわさわ
さわさわ
さわさわ
You're pretty good, Hikky.
Shut up and keep at it.
...Right.
I really shouldn't be doing this under your clothes, should i...
She made me rub it.
Nn.
Nn ♡
Anyway, go higher.
Mm?
Rub higher up.
Do it.
No, higher?
...
...That strange sound earlier-
.....Didn't come from me.



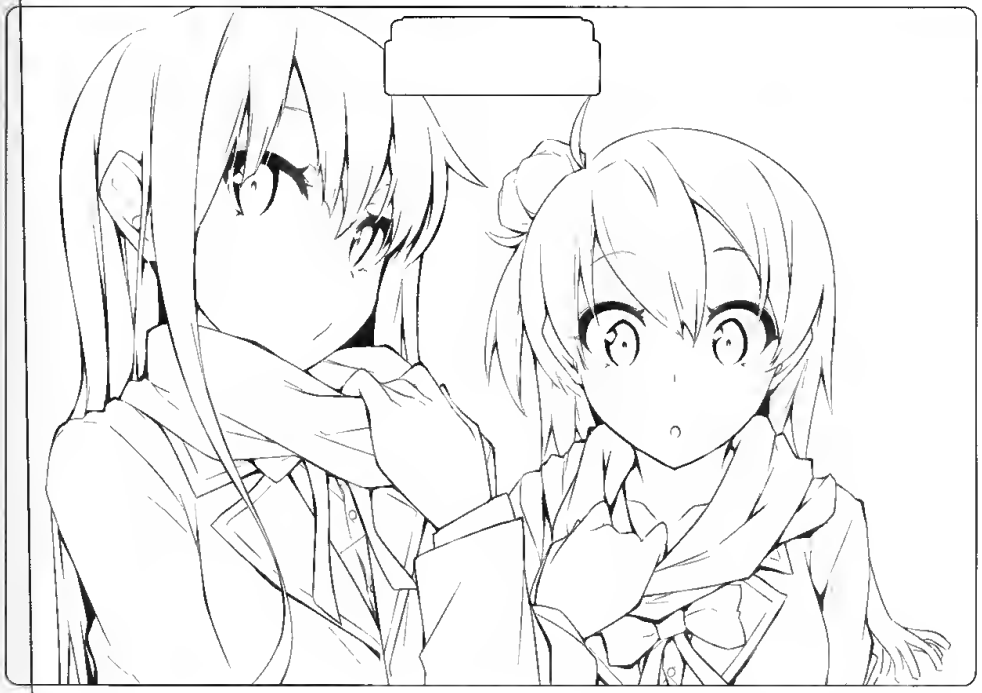
What are you saying, you live here, Hikky.
Tobe and the rest aren't just going to pop in and go, "Gotcha!", are they...
ポニ
Nn...!
There!
...Right.
E-Erm... it was hot?
Why do you have nothing on, Gahama-san...?
P.Yo!!
Yo!!
P
...
...
...
...
...
Nn.
Nnahh ♡
...
...



←Got into it.
Ah
...
Nn
Ah
Nn
Noo, Hikky, that's...
Nn, you're too gentle, nn—
...Hm.
Pi Pi Pi
Her in Hawaii
Huh, if it isn't Yui.
Pi
Hear me out, Yumiko! I told Hikky to hold off below until tomorrow, but he just wouldn't listen!
...
...
...That totally made zero sense to me...
Hikio? Below?

End

■Rubrub! Strstr! (greeting)
So since I ran over it's the illustration from heree.
It's the resistingthatcertainsofayetstillfalling-
toitstemptationsintheendGahamasan strap (long)
It feels like I've been drawing goods based on
these inexplicable themes each time
I wonder if there's something feeding on my brains.



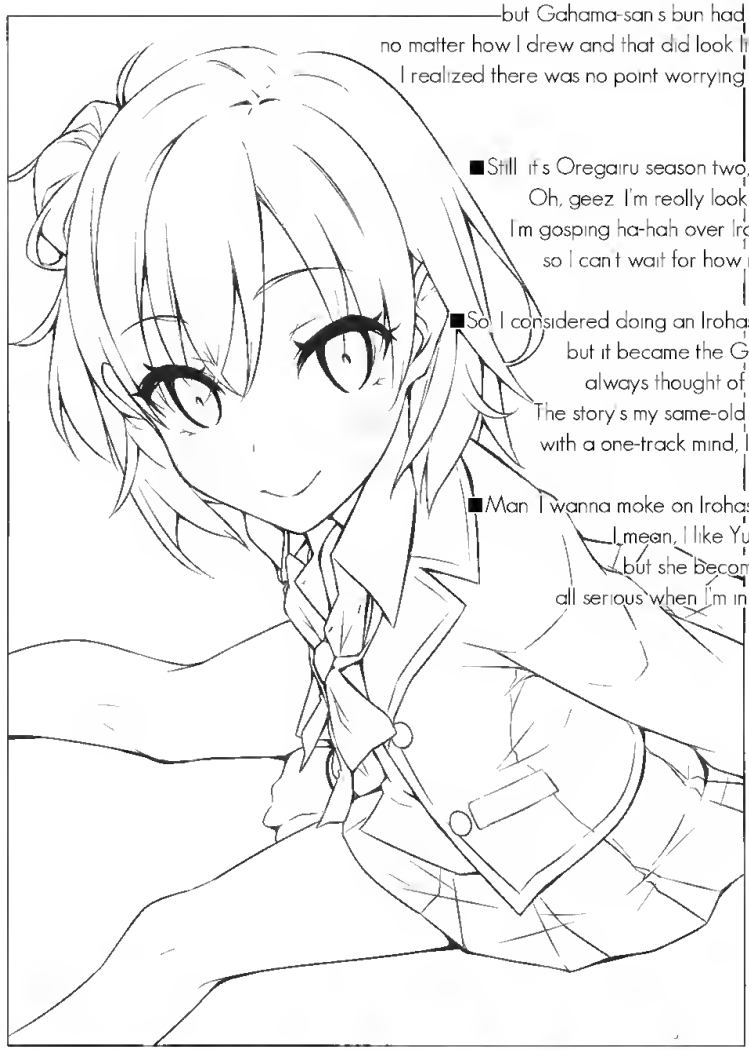
■The pair on the clipboard
It's winter, so let's make it feel warm!
It's based on a winterish (sort of) theme
because it was freezing to hell when I started drawing it.
that sure is one pointless reason, huh

■That reason would have been pointless one way or another

■Use it to clip your list of circles for Comiket,
it's my 3rd time making them under that theme,
but everyone's going with the web catalogue,
the iPhone, or the iPad recently
I feel the times passing me by... (elderly ranting)

■There's space, so here's the bonus box pixel art guys

■Cover art!
Geez. Gahama-san's hairstyle totally killed me this time...!
It's soo cute when I look at it,
but I don't get how that bun part's supposed to look!
In the end, I tried this, that, and everything else,
before drawing her how I normally would without thinking much,
—but Gahama-san's bun had too much impact
no matter how I drew and that did look like Gahama-san,
I realized there was no point worrying about it anyway.
Aieee



■Still, it's Oregairu season two, you know, a S2
Oh, geez. I'm really looking forword to it!
I'm gasping ha-hah over Irohasu nowadoys,
so I can't wait for how it'll end up! <□:彡

■So, I considered doing an Irohasu book this time,
but it became the Gahama book I've
always thought of making for ages
The story's my same-old style, but I'm fine
with a one-track mind, I want to unwind!

■Man, I wanna make an Irohasu book one day
I mean, I like Yukinon too, really,
but she becomes a yandere or
all serious when I'm in charge of ideas

Afterword

■ Damnsleepysheepy!

■ And thanks for reading this time too.
I'm finally back to light novels from KanColle in a while
but how was it? It's lovely not having to draw any ship riggings! (simple-minded thinking)
Ah, my marriage count in KanColle's up to 54
It's practically more than enough to just abandon it, coming back only for events,
but I'm still spending my days not missing the sorties even as I work
Such a good-for-nothing human!

■ Back on that topic, this truly is where I feel at home, after all
Well, yeah, light novels are almost always about youth
and the ones I like are all almost always about youth, so that's only natural
Rother, I get the feeling there are less people who feel that way for Kancolle

■ On that topic, as for why it's a summer story despite it being winter (right now and in the books)
it's because the atmosphere feels wrong for drawing something that isn't serious, you see
I can't explain it well, though! And I love summer uniforms! (←Main reason)
Actuolly, I thought of a story with Gahama-san helping Hikky out in a bikini,
but that story's potential turned me on too much, so I gave up on it amidst tears
The world isn't ready for it just yet (not my fault)

■ And so, we end here! Next time's at Comiket Special!
The festivities are only once every 5 years, so I wanna moke it good!
And there's COMIC1 in April. Probably an Irohasu book! Probably! (just thought of it)

■ Well then, thank you for your support this time.
I hope for ye sapport fer da coming yer too! Have a good one!

■ Dehehe. It's that usual advertising page like every other time, my dear sirs and ma'ams.

■ On 10th Jan. from Dengeki Bunko, authored by Kamoshida Hajime-sensei, in the
「Seishin Butayarou wa Bunny Girl Senpai no Yume wa Mienai」series,
its volume three
「Seishin Butayarou wa Logical Witch Kouhai no Yume wa Mienai」
will be on sale, yo!

■ You know it'll be all spoilers
if I start talking about the plot
but it's great this time too.!
I haven't had the time to tell
Kamoshida Hajime-sensei what
I think yet since I've been super busy
so let's meet for drinks soon.!

■ I couldn't have imagined being blessed
enough to personolly tell the outhor my
opinions back when I was just a reader
Ehehe, aren't you jealous? (self)
